

News and Views . . .

and what have you

by BOB CRAIG

A newspaper editor in Montana placed his tongue firmly in his cheek the other day and composed a list of answers to what a weekly newspaper subscriber would like to read. Here are the responses to what the average reader desires to see.

1. My Name.
2. A front page article showing how crooked the city government is most of the time.
3. My wife's name.
4. A feature article showing 25 ways on how to cheat on income tax forms.
5. My kids' name.
6. A local news item about the affair my neighbor is having.
7. A classified ad offering a new home for sale for \$4,000.
8. More news about law-breakers.
9. Less news about law-breakers. I was picked up last night and I should not have pay a fine.
10. An editorial condemning high school teachers for being too liberal with "Fs."
11. A wedding picture of the groom instead of the bride when he is more handsome than she is pretty.
12. A sports picture of me when I bowled 183.
13. More advertisements on things that merchants are giving away.
14. A front page picture of my neighbor being hauled out of the bar by his wife.
15. A front page spread about the deadbeat who lives across the street from me who just had his car repossessed.
16. Forget the last one. I just got word from the finance company that they're coming after my car.
17. More letters to the editor naming the crooks we have in town.
18. A full page of local news, a full page of national news, 16 pages of sports, 26 pages of comics, one page on divorces and three pages on all the domestic troubles we are having in town.
19. Less stuff about how cute everybody else's kids are. My kids are better looking than those you rave on about.
20. A complete biographical sketch about the "most important citizen in town," and be sure you spell my name right.

J. J. HANDLEY DIES HERE THURSDAY

J. J. Handley, 79, father of Mrs. Miller Harmon, died in Hamlin Memorial Hospital on Thursday, October 5, at 5:30 a.m.

Funeral services were held at 10 a.m. Saturday in the Hamlin Funeral Home with Thomas E. Cudd, minister of the Church of Christ, officiating. The body was then taken to San Angelo for grave-rite services conducted at 3 p.m. at the Lawnhaven Memorial Cemetery. Burial was under the direction of Hamlin Funeral Home.

A retired agent for the Santa Fe Railway, Mr. Handley was born December 27, 1881, in Cullman, Alabama. He was married to Pearl Coats, August 29, 1909, on an Orient passenger train, between Medicine Mound and Chillicothe, Texas. Mrs. Handley died on March 12, 1951.

Mr. Handley started his railroad career April 1, 1904 and retired after serving 49 years and 10 months. He has made his home here at 340 N. W. Ave. C, with his daughter for the past eight years.

Survivors include two sons, Nelson of Carlsbad, New Mexico and James of Rifle, Colorado; and one daughter, Mrs. Harmon; 9 grand children and great grand children.

To Host Albany

The Hamlin Junior High team will play host to the Albany Cubs here Tuesday for their second encounter. Albany is the first, 40-8.

MR. AND MRS. GARLAND PRESTON
... ex-student Homecoming Queen and escort

Mrs. Kenneth Riddle To Head Ex-Students

Mrs. Kenneth Riddle was elected president of the Hamlin Ex-Student's Association at the business session of the seventh annual homecoming for Hamlin High School ex-students. Other officers include James Rodgers, first vice president; Melvin Scott, second vice president; Mrs. Ed Lewis, secretary; Mrs. Clyde Lewis, assistant secretary; W. T. Johnson, treasurer and Mrs. Pete Bond, reporter.

The principal speaker for the morning program was Everett Beaver, Superintendent of Jones County Schools and a member of the class of 1928.

Mrs. Garland Preston, class of '40, was crowned Queen of Ex-students, during the half-time activities of the Childress-Hamlin football game. She and her husband rode on to the field in an antique car. Leona Brinegar, Hamlin High School senior, was presented as the student Homecoming Queen. Runners-up were Nancy Carter, Linda Bingham, and Theresa Carlan. The girls and their escorts came on to the field

in two late model convertibles.

During the Saturday morning business session the association discussed the possibility of having the homecoming every three years but the group voted to continue the annual meetings. Brad Rowland, retiring president, presided.

Opening the morning meeting with the invocation was the Rev. Alfred Altum, Class of '44, pastor of the Immanuel Baptist Church in Abilene.

J. C. Turner, Class of '38, was master of ceremonies. Cliff Reynolds Jr. gave the response to the welcome.

Following the recognition of classes' gifts were presented to several ex-students. The Altum family was honored for having the largest number of their family present which included four exes.

Carl Johnson of Long Beach, California, came the greatest distance. Mr. and Mrs. Leslie Shelburne were recognized as the ex-students with the most number of children. The Shelburnes are the parents of eight.

Ex-teachers were introduced by C. Foster Cook, Superintendent of Hamlin Schools.

C. O. LaRue of Muleshoe, Class of '36, provided special music for the assembly.

Mrs. Albert Maberry, Class of '38, gave a brief history of the school song. The group was dismissed after the singing of "The Pied Piper Song." A barbecue dinner was served at noon.

Officers who worked on plans for this year's homecoming were Rowland, president; Guy Weaver, first vice president; James Wright, second vice president; Mrs. Jack Vaughan, secretary; Mrs. Jack Wicker, assistant secretary; Mrs. Brad Rowland, treasurer, and Mrs. Bo Newland, reporter.

Members of the Hamlin Business and Professional Women's Club served cookies and coffee Friday and Saturday in the registration headquarters.

Mrs. L. C. Bonds was chair-

man for the coffee which was held in the gymnasium following the game Friday night. Mrs. Jack Owens was in charge of the decorations.

Mrs. Joe Ford headed the committee that set up decorations and displays in the downtown district. Mrs. Clifford Reynolds Sr. and her committee were responsible for the special gifts presented Saturday morning.

Weldon Johnson chaired the nominations committee.

The October issue of the Hamlin telephone directory will be mailed to telephone customers here on October 12, Roy Eury, Southwestern Bell Manager, said.

This year's directory has a white cover and contains 12 "white" or alphabetical pages with approximately 1450 listings. There are 28 classified or "yellow pages" in the directory.

According to Eury, 2,500 directories have been printed for distribution here. He also said additional copies were printed as replacements for those used frequently in public telephone booth and other places where a great deal of use occurs.

The names of people who had telephones installed as late as September 19 are included in the new directory. Old directories should be thrown away as soon as the new issue arrives, Eury advised. He also pointed out that out-of-town and frequent-used numbers which customers have written in the old directories should be copied down before last year's books are discarded.

"Since telephone books sometime become 'filing cabinets' for letters, pictures and other items, we suggest that customers check their old directories to make sure that something valuable is not thrown away when the old books are consigned in the wastebasket," he said.

STATE CAPITAL Highlights AND Sidelights

by Kern Sanford

AUSTIN—Three members of the House of Representatives and two state senators were named by Sen. Bruce A. Reagan of Corpus Christi as a Subject Matter Committee to determine which of 25 suggested interim studies shall be made by the Texas Legislative Council.

Reagan is President pro-tem of the Senate and presided at the first meeting of the new Legislative Council. He and Sen. James A. Turman, Speaker of the House of Representatives, are ex-officio members of the Subject Matter Committee. Turman is chairman; Reagan vice chairman.

Designated membership on the committee were Senators Preston Smith of Lubbock and Gorge Moffett of Chillicothe. House members appointed were Representatives C. W. Pearcey of Temple; Sam Collins of Newton; and Alonzo Jamison of Denton.

During the three 1961 sessions of the Legislature, 25 resolutions were passed, calling for special studies by the council. Of these 25, twelve were concurrent resolutions approved by both House and Senate. The remaining 13 originated in the House.

Among the 25 topics under consideration for special study were:

Coordination of Health and Welfare Services of the State. Space Utilization by Institutions of Higher Education. Election Code Revision.

Non-constitutional Duties of the Attorney General. Opinion Authority of the Attorney General.

Laws Relating to Wild Life Resources of the State. Teacher Certification. Laws Based on Population Classification.

State Hospitals and Special Schools. Health, Accident and Hospital Insurance Claims.

The Judicial System of Texas. Laws Governing Acquisition and Sale of State Owned Lands. The State's Public Higher Education System.

Regulation of the Insurance Industry. Ad Valorem Tax Laws. Telephone Utility Regulations.

Texas Utility Regulations.

Discrimination in Employment Because of Age.

Branding of Cattle and Registration of Brands.

Reciprocity Practices of Texas Examining and Licensing Boards.

Purchasing Practices and Procedures by the State and its Political Subdivisions.

Recordation of Mineral Interests.

Mentally Ill Children. Rate Making Powers of the Railroad Commission.

Mass Transportation in Major Metropolitan Areas of Texas.

FM ROAD BUILDING PLAN—State Highway Chairman Herbert Petry Jr. of Carizo Springs completed one major assignment for Gov. Price Daniel, but has a tougher one ahead.

Petry and Daniel worked out agreement with the Texas County Judges and Commissioners Association under which the farm-to-market road building program will be modified, along lines long advocated by the Texas Good Roads Association and the Highway Commission.

But now the plan has to be sold to the powerful Texas Farm Bureau at its convention in Galveston November 13-15.

Governor Daniel vetoed the \$15,000,000 appropriation for farm-to-market road construction from general revenue for the year starting next September 1, saying it was time to settle the question of rural road maintenance. He got together a committee of road-minded people.

County Judges and Commissioners agreed to this plan—pay for about \$17,000,000 of the present \$18,000,000 cost of maintaining rural roads out of the \$50,000,000 now going to FM road construction. They also agreed to build a total of 50,000 miles of FM roads, instead of the 35,000 miles now set as unofficial goal. Present mileage—34,000.

COURT OPENS—Appellate courts opened their fall terms, handing down dozens of decisions.

Key case of great importance was decision in suit of Key Western Co. of Abilene against the Board of Insurance from both insurance and legal points of view.

Here the Supreme Court upheld a new requirement that appeals from decisions of the Board of Insurance on approvals of life insurance policies must be tried "de novo" or "anew" rather than accepting the old rule that an administrative agency is to be upheld if its decision was not arbitrary or capricious.

Of major importance also was award of \$139,250 to the City of Graham for damage done its sewage treatment plant by backing up of water of the Brazos River Authority's Possum Kingdom Dam. Case goes back for retrial of whether Graham can collect for damage to its water plant.

PADRE STUDY—Gov. Price Daniel got together his special committee to study the idea by Land Commissioner Jerry Sadler to make Padre Island a state park instead of a national seashore area.

Sadler, a member of the

Shrinks Hemorrhoids Without Surgery

Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

committee, did not get word about the meeting and was not present.

State Parks Board Chairman J. Carter King of Albany, said the whole appropriation of the board for the next two years would not scratch the surface of making Padre into a state seashore area. King is worried about the 74 presently designated state parks.

Daniel asked the study committee to have a recommendation ready in time for the winter special session of the Legislature to take policy action on the state vs. federal issue.

Daniel feels Padre should be dedicated as a public area, by one means or another.

ORPHANS' RANCH —Orphans at the Corsicana State Home got a 4,180-acre ranch on the Lampasas River under a Supreme Court decision on the will of the late Mrs. Parrie Haynes of Bell County.

Other heirs contested, but the court turned the ranch to the Texas Youth Council, which runs the orphan's home.

Attorney General Will Wilson, who handled the defense of the will, said there is talk of making the ranch an outdoor branch of the Corsicana school.

WHERE TO GO—Big events of Texas communities during the winter and spring months are advertised in the State Highway Department's "Texas as Calendar of Events," just out.

Folder listing fairs, rodeos, dozens of other events is available free from the Travel Division of the Highway Department as a part of its travel promotion work.

INSURANCE CLAIMS RISE—Insurance spokesman estimate that \$5,000,000 already has been paid out on windstorm insurance policies. Rate of payment of claims will reach 20,000 a week soon.

William J. Harding, coordinator of the Texas Joint Loss Catastrophe Plan, said.

Harding, speaking for fire and casualty insurance companies, said much misinformation has been given out on insurance coverage. He declared that policies are being interpreted after Carla just as they always have—that damaged from wave wash or flooding has never been covered by Texas standard insurance policies.

CLUB TAXES—First month of collections of the new tax on private clubs by the Texas Liquor Control Board saw the tax take total \$414,612.

Tax is about \$2 per member, so indicated membership of the 472 licensed clubs is 207,306. Veterans and fraternal clubs are exempt from the tax.

First headache for Liquor Administrator Coke Stevenson Jr. from the club license law was on the question of

NEINDA PHILOSOPHER WILL RENEW HIS SUBSCRIPTION IF IT'S NOT CONTRARY TO WORLD OPINION

Editor's note —The Neinda Philosopher on his Johnson grass farm on Route 1 examines world opinion in his letter this week.

Dear editor:

Every once in a while you hear a world leader—although I'd like to say before I go any further that I don't know what a world leader is, the direction the world's going these days. I don't know of anybody who'd like to be accused of leading it—at any rate, you hear one of them say action of this or that nature will be condemned by world opinion, or endorsed by world opinion.

I don't know what they're talking about.

You take Russia. When Russia started testing nuclear bombs again, lots of prominent people said, World opinion will condemn her for it.

bingo. This game has supported many such clubs.

Stevenson decided to let "local option" rule. If local law enforcement officials allow school, civic, church and other organizations to run bingo games, private clubs can too.

BUSINESS BETTER—Texas business perked up in August. University of Texas Bureau of Business Research said new sales tax, taking effect September 1, accounted in part for August activity hitting all-time high.

September figures are expected to be badly out of kilter because of the slowdown in industrial and nearly all activity on the Gulf Coast during and after the hurricane.

CONSTITUTION—Talk continues about revising the 1876 Texas Constitution.

Texas League of Women Voters, unable to get legislative support for its pet project of constitutional revision, got an ally in U. S. Rep. Jim Wright, speaking to University of Texas as Young Democrats.

Wright said that for too long "we have patched new pieces of cloth onto an old garment." He also advocated streamlining of the state administrative agencies along lines the Hoover Commission recommended for federal government.

Legislators objecting to the revision, among other reasons, say that complete revamping would result in far more errors than in the present piecemeal procedure.

Well, she's been testing them right and left for the past few weeks and whatever the world's opinion of her is, it hasn't put a stop to the tests. It's my opinion that it's not world opinion but Khurschev's opinion and his staff's opinion that decide how many tests are going to be made.

Understand, I'm not in favor of Russia's testing these bombs, as far as I can tell they work too satisfactorily already, the world now has enough bombs on hand to supply the equivalent of ten tons of TNT for each man, woman and child on earth, which as far as I'm concerned is plenty for me, somebody sure has over-rated me, I ain't that indestructible, but so far in the history of man world opinion has been one of the most ineffective weapons imaginable against a dictator bent on holding on to his job.

It's a shame, too. Nothing would suit me more than to decline to get on my tractor and start work on account of it might be contrary to world opinion. I can see real advantage in going into the bank and announcing I'd better not pay off my note on account of world opinion already claims America is too rich and I don't want to add any fuel to that flame.

World opinion some day may

be an effective weapon, but right now there are too many countries where you can get into office without being elected.

When my subscription to The Herald comes due, send me a bill and I'll check with world opinion to see if I ought to pay it.

Yours faithfully,

Bobcats Edge Pipers, 14-13

The Childress Bobcats ruined Hamlin's homecoming plans here Friday night as they edged the Pipers, 14-13, for Hamlin's second loss of the season. The Bobcats remained undefeated.

The Pipers came from behind in the second quarter to tie the game up at half time and pulled out in front in the opening moments of the second half to have Childress come

right back and score. The Bobcats picked up the two-point after the tally to go ahead and then defended their goal line for the remainder of the game.

The Pipers failed to contain the Bobcat's speedy halfback, Mitchell, who accounted for 101 yards on the ground in 15 attempts to earn the rushing honors for the game. Rayford Williams was high ground

and quarter, losing the ball on fumbles the first two times they had the ball.

Hamlin kicked off to open the game and Childress and Hamlin each had the ball but failed to make a first before the Bobcats took over on their own 34 after recovering a Pipers fumble. After moving the ball to the Pipers 48 on three plays the Bobcats gave the ball to their wingback Hamilton on a reverse who went through a gaping hole in the right side of the Hamlin line and raced 48 yards up the middle for the icebreaker. The point after try failed and the Bobcats lead 6-0 with six minutes left in the first quarter.

After the kickoff the Pipers came in possession of the ball three time before being able to launch a drive. After stopping a Bobcat drive on the Hamlin 30 the Pipers started to move. Austin faked to Lee and then followed him into the line for six and then gave to Lee for nine and Hamlin's first down. Austin carried again for six, Lee three and then Lee was held for no gain. On fourth down the Pipers failed to make the yardage for the first but Childress jumped offside on the play and Hamlin received a first on the Bobcat 41. Lee powered his way for eight yards and Childress was assessed a 15 yard penalty, moving the ball down to the 18. Williams gained five, Lee was held for no gain and then Williams picked up another first on the six. Lee cracked the line for four and then hit it again for the tieing tally. Cooper's try for the one-pointer failed and the score remained tied with two minutes left in the half.

After the half, Lee took the short kick and returned it to the 45 with Childress drawing a 15 yard penalty to put the ball in play on the Bobcat 33.

Bill Richey gained eight from his halfback post Austin sneaked for five and Lee added three more. Richey picked up a first on the nine with an eight yard run. Williams carried down to the three and then carried over on the next play. Cooper put the ball through the uprights to put Hamlin out in front, 13-6.

OLD GLORY NEWS--

We woke up to a rainy Monday morning. Glad, sad or indifferent as a person might be at least he would note the dark, gloomy day and the muddy shoes that resulted.

The seventh grade at the Old Glory School spent Monday, and will spend Tuesday and half of Wednesday in tests. The tests are being administered by our English Teacher, Mrs. Cecil Klump. Also the Seniors will take tests on Thursday and Friday.

Last week was six weeks and there were lots and lots of tests. Everyone sort of breathed a sigh of relief today as we turned over a new leaf and started on the second six weeks. School is one-sixth over.

Our first basketball game will be with Girard next Tuesday night, Oct. 17, and it will be played here at Old Glory. We will play them a return game on October 24, at Girard.

Next Monday night, Oct. 16, the County Teachers Association will have the first meeting for the year. Aspermont Teachers will host the meeting which will be held at the Stonewall Hotel. Guest speaker will be Olaf South, Superintendent of Schools at Sweetwater. The teachers meet three times during the school year.

Miss Virgie Johnson visited Sunday with Mr. and Mrs. Morris Garner and Mrs. Willie Fletcher.

Miss Clarice Leverett and her roommate, Carol Black, Mrs. Lenora Dumas returned

gainer for the Pipers, picking up 68 yards in 12 plunges from his halfback slot. He was followed by Childress fullback who had 56 yards in 15 carries. Hamlin fullback Frankie Lee picked up 52 yards in 13 trips.

Lee and Williams split the scoring honors for the Pipers with Lee scoring first on a two yard plunge and Williams scoring on a three yard dive. Hamlin could not get a drive going until midway in the second

home Monday from a short stay in the hospital.

Mr. and Mrs. Joe Hargrove and daughter and Mr. and Mrs. Tom Beene of Stamford visited in the Edward Letz home.

Mrs. Katie Gerloff recently attended the wedding of Billy Roy Wienke in Lubbock. Jack Gerloff of Odessa visited his mother recently. Also a dinner guest of Mrs. Gerloff was Grandmother Erna Gerloff.

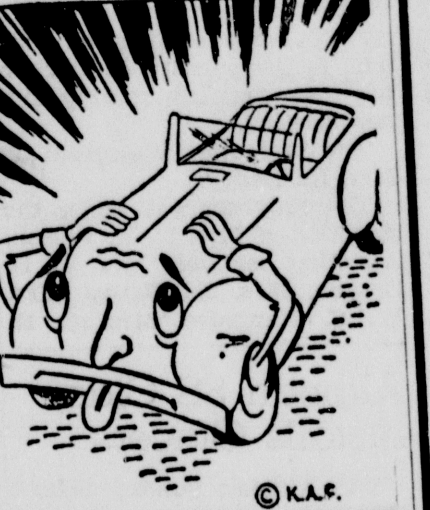

Mr. and Mrs. Tom Pritchard, Tommy and Annalyn visited over the weekend at Weatherford with Mr. Pritchard's parents, Mr. and Mrs. T. A. Pritchard.

Weekend guests in the Allen Letz home was Mr. and Mrs. M. W. Elliott of Arlington and Mr. and Mrs. Wylie Roberts of Montague.

Also attending the wedding of Billy Roy Wienke at Lubbock was Mr. and Mrs. Garrett Spitzer and sons, Mr. and Mrs. W. G. Wienke of Old Glory; Mrs. J. C. Pope of Hempstead visited her parents and sister here and also attended the wedding.

Mr. and Mrs. J. R. Alexander and children of Abilene and Mr. and Mrs. Louis Strickland and children visited with Mrs. H. E. Carr.

Ask Amy

BY AMY ADAMS

HE SAYS SHE'S NOT SWEET

Dear Amy:

My husband is never home during waking hours except to change into clean clothes and grab a bite to eat. He doesn't seem to know or care when mealtime is . . . then he wants me to cook at midnight.

He says he goes out because I'm not sweet and charming. How can one be sweet and charming 24 hours a day with 3 children, a house and yard to care for—but no one to care for her? Besides, he goes if I'm charming or not, I've tried it. The only difference is then he kisses me good-by. What does a wife do with a wandering husband?

Mrs. M.L.

Dear Mrs. M.L.:

A husband who is happy at home doesn't seize every opportunity to run away from it. If you want a full-time husband, get part-time help to care for the house and yard. Expand your time and energy learning to be sweet, charming and attractive permanently. Listen to his troubles, but don't tell him yours.

Let him know he is the most important thing in your life. Then he will have nothing to wander away for.

Dear Amy:

What do you do when your mother and father think a married man with two children is trying to talk to you? I'm 16 and this man has known my parents for about a year. He is a Field Director for a singing convention that I sing in. He has come down here often to practice and now someone has given my parents the idea that he is trying to talk to me but the only thing we ever talk about is the singing and he has never said anything out of the way to me. Amy, will you please help me? I've tried to tell them but they still have this crazy idea. What can I do now? I've told this man and he feels the same as I do so we've stopped saying anything to each other. Please help!

Josephine

Dear Josephine:

You don't need help as far as this man is concerned. Your parents have their reasons (and good ones, I'll bet). Take their advice. It's only when a girl doesn't that she needs help!

Dear Amy:

I received your letter concerning how one woman helped her husband lick the drinking problem. After reading it, I realized it was so radical a departure from accepted methods that I decided to give it a try since I am burdened with a like problem.

Amy, it is working . . . and after so short a span of time! My husband is more considerate of his family and is spending more and more time at home. If I'm one of the fortunate few for whom this approach works, I'll be eternally in your debt.

Linda B. (Pine Hill, N.J.)

Dear Miss Adams:

Your column in a recent issue of the Herald carried a letter from a woman whose husband was an excessive drinker. She was disturbed because neither a minister, the police chief, the mayor, nor others with whom she had talked would approach her husband about the matter.

Your reply to her was excellent. You began by saying that "no person or organization can help your husband unless HE wants to be helped." This is exactly the approach which my colleagues and I take with respect to this problem and similar ones. Rehabilitation begins with the desire of the afflicted to be helped. Experience has shown us, however, that the layman finds it so difficult to grasp this idea.

Thanks for the support which you gave to our ministry.

ABILENE TEACHER SPEAKS TO B&PW CLUB TUESDAY NIGHT

The Hamlin Business and Professional Women's Club met Tuesday evening at 7:30 p.m. in the primary cafeteria for their regular monthly dinner meeting.

The invocation was given by Mrs. Ed Bailey.

The program was under the direction of Mrs. E. M. Wilson. Assisting her were Mrs. W. B. Britton, Mrs. Ed Bailey, Mrs. W. C. Hargrove, Mrs. C. R. Binnicker, and Mrs. Florence Cowan.

The speaker for the evening was Miss Avis Deavers, a member of Abilene Business and Professional Women's Club and Director of District VII, B&PW Clubs. The subject of her talk was "The Role of B&PW in a Democratic Today."

Miss Deavers has served as fulltime instructor and professor at Howard Payne College and H-S-U. She is chairman of the auditing committee for Abilene Classroom Teachers' Assn. and chairman of the Oil-belt Business Teachers. She is a member of the board of directors of Boys' Ranch. She also teaches business courses in Abilene High School where she is also chairman of the business department.

Special music for the evening was presented by Gary Ted Jay.

Althean SS Class Installs Officers

The Althean Sunday School Class of the First Baptist Church met in Fellowship Hall at noon Tuesday for luncheon and installation of officers.

Mrs. Lenard Hartley installed class officers for 1961-62. Taking the role of a doctor, she examined each patient (officer) and then gave each a prescription to take care of the ailment. Each prescription was a scripture pertaining to the work of each officer.

The new class officers are: Mrs. Jno. Howard, Jr., president; Mrs. Wilson Brannon, vice president; Mrs. Donna Sanderlin and Mrs. Bernie Cumbie, secretaries; Mrs. Herman Sharer, calendar girl; and Mrs. Revis Robertson, Mrs. Carl Green, Mrs. A. R. Kim, Mrs. Clyde Brown group leaders, class teacher, Mrs. Tate May.

Plans for the new year were made; a yearbook committee was appointed; and a gift committee appointed.

Those receiving surprise gifts were Mrs. Jno. Howard, Jr.; and Mrs. Garland Preston.

The meeting closed with prayer.

Judy Parker and Don Wilson Set Wedding Date

District President Speaks to Local P-TA Organization

The Hamlin Parent-Teachers Association met Thursday afternoon in the primary cafeteria with Mrs. D. W. Boren, P-TA, as the guest speaker. Eighteenth District President Mrs. Boren emphasized the need of parents keeping close touch with their children and their schools.

The invocation and meditation was given by the Rev. Edmund Robb, pastor of the First Methodist Church.

Mrs. C. B. Owen presented the thought for the month. Mrs. Gerald Young, past president, introduced the speaker, Mrs. Floyd Clifton, first vice president, president.

The fourth grade classes, under the direction of Mrs. Willard Maberry, furnished the entertainment.

Mrs. Boren was the honored guest at a tea in the home of Mrs. Floyd Clifton preceding the 4 p.m. meeting. Other guests included members of the executive committee.

GOING UP IN SMOKE? NEVER WITH GAS BROILING!

(broiler door stays closed — kitchen's cleaner, cooler)

If your present type of range is smoking more now (and you're enjoying it less) — switch to a **GAS RANGE**! It lets you broil with the door closed . . . while the flame consumes the smoke. The new automatic gas ranges feature Burner-with-a-brain that prevents boil-overs and burned food — ends pot-watching forever! You'll love the full range of heat control that only gas gives you — 1001 heats at your finger-tip instead of a dozen or less. And with gas exclusively, there's no "hang-over heat" — when the flame's off, the heat's off. How clean, fast, modern and economical can cooking get? You'll see in the new gas ranges. Buy today!

1962 MERCURY MONTEREY

The best-looking buy for the big-car man

Here's the "heft" a man wants...
the leg-room a family needs

GET THE QUALITY EXTRAS THAT MAKE THE DIFFERENCE. This brawny car stands out like a man among the boys. For greater stability, there's extra weight and a longer wheelbase (120") than in other cars in its price class. Extra room inside for the family, extra room in the 30.7-cu.-ft. trunk for the luggage. It's a 6-passenger car, without qualification.

MERCURY'S TOP-OF-THE-LINE LUXURY CAR gives you a smoother ride than any car in or near its price range, thanks to exclusive Cushion-Link Suspension. It's a

quiet ride, too. There's noise-deadening insulation all around you—260 sq. ft. of it. You ride in quiet luxury.

EXTRA QUALITY ALL AROUND... needs service only twice a year at 6,000- to 30,000-mile intervals. Go 6,000 miles before oil changes or minor lubrication, 30,000 miles between major lubrications. New anti-rust, anti-freeze coolant is good for 2 years or 30,000 miles. Brakes are self-adjusting. Other features add savings on the upkeep of body and engine. All this within the popular-price range! See for yourself... soon... at your Mercury dealer's.

FAIRVIEW NEWS--

By MRS. ELMER JOINER

As usual the big news this Monday morning is that it is raining. It started about daylight and so far doesn't look as if it is going to quit. A rain is the last thing the farmers of our community need as they are pulling cotton and preparing their land to sow wheat a little later.

Attendance was off a little at Church Sunday. Visiting in church services Sunday morning were Mr. and Mrs. E. C. Gray of Truby. They are the parents of Winslow Gray and former residents of our community.

W.M.U. was resumed last week after not meeting for some time. Seven women were present and a very interesting lesson was studied on Indonesia, Singapore and Java. All ladies of the church are urged to be present with us on the next meeting date, October

17th. The pastor announced Sunday night that beginning this coming Thursday night, prayer services will be held at the church. Every one interested in the welfare of our church is urged to attend.

Several from our church are planning on attending the associational meeting to be held in Stamford, Tuesday and Tuesday evening, at the Trinity Baptist Church. Fairview Baptist Church will be recognized as the winner of the Achievement Program for Jones County.

We are glad to report that Mr. Jack Gray, who was injured in a car wreck, Thursday of last week, is improved very much and was able to be moved to the Hamlin Hospital Wednesday of last week. But we were sorry to learn that Mrs. Gray was hurt more than was

thought at first, and is in the hospital also, but at last report she hoped to leave this Monday. Their friends are hoping for them a speedy recovery.

Mr. and Mrs. Fred Rosenbaum visited with Mr. and Mrs. W. L. Fletcher Friday morning.

Mr. and Mrs. Winslow Gray, and Mrs. Sharlot Gabriel attended a singing at Hana Sunday afternoon.

Mr. and Mrs. Mel Jones Jones went to Anson Saturday night to the annual meeting of the Farm Bureau.

Visiting with Mr. and Mrs. E. A. Henry over the week end was their son, Mr. and Mrs. W. C. Henry and Jo, and a friend, Mrs. Coe, all of Elgin, Texas.

Rev. and Mrs. Doyle Combs and girls went to Aspermont Friday night to see Aspermont and Lorraine play ball. Rev. Combs was reared in Lorraine and was graduated in 1953 from Lorraine High School, so this was a treat for him to see his old hometown play.

now offers the most complete line of office machines ever available from a single source

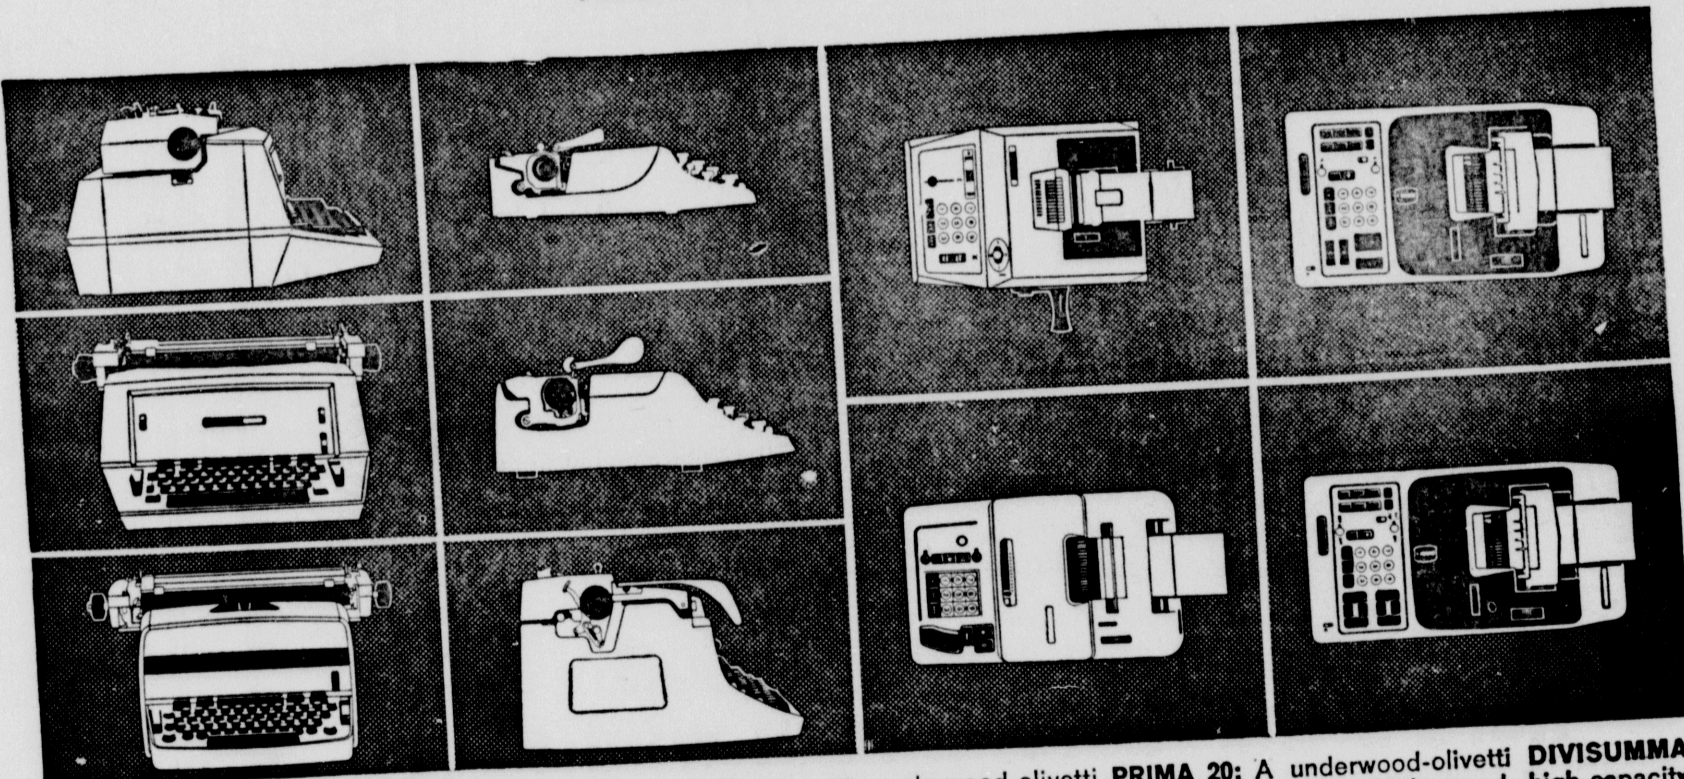

Underwood's wide range of portable, standard and electric typewriters, adding machines, calculators, accounting machines and tape-to-card converters is assurance that the Underwood Representative is uniquely able to match the machine to the job, free from pressure to sell a machine that's too much for the job or too little.

For example, he has three dramatically new Underwood electric typewriters—to cover every typing requirement from the board chairman's most important correspondence to the shipping department's labels. But when typing demands don't justify an electric machine, he is able to provide a new Underwood standard typewriter that produces high-quality typing at exceptionally low cost.

So varied and versatile is the new Underwood line that no matter what your business or your office requirements, it's almost certain that one of Underwood's office machines shown below can save substantial sums of time and money for you.

Soon your Underwood Representative will call on your company. If office costs are your concern—he's your man.

If you'd like to see him immediately, telephone—or write to Underwood Corporation, One Park Avenue, New York 16, New York.

underwood RAPHAEL: An electric typewriter with automatic variable spacing, polyethylene carbon ribbon and many advanced features.

underwood FORUM: An electric typewriter with standard letter-spacing and both polyethylene carbon and fabric ribbons.

underwood SCRIPTOR: A fully-electric typewriter with fabric ribbon for general-purpose typing.

underwood-olivetti LETTERA 22: A super-lightweight portable with important big-typewriter features.

underwood-olivetti STUDIO 44: A compact standard with all important office-typewriter features, yet easily portable. Full-size keyboard.

underwood TOUCH-MASTER FIVE: A standard typewriter of exceptional lightness of touch and unusual operating ease.

underwood-olivetti PRIMA 20: A high capacity 10-key hand adding machine with direct subtraction, credit balance, printed tape and other features not usually found in low-priced machines.

underwood-olivetti ELECTRO-SUMMA 22: A high-speed, high-capacity 10-key adding machine with automatic credit balance, direct subtraction and automatic dater. Also does multiplication.

underwood-olivetti DIVISUMMA 24: A high-speed, high-capacity calculator with exclusive "memory" feature that eliminates manual re-entry of intermediate results in combined operations.

underwood-olivetti TETRACTYS: A dual-register version of the Divisumma 24 with a "memory," it performs all the operations of the Divisumma 24 and handles complex combined operations.

MORE SKILL REQUIRED TO FEED LIGHT WEIGHT CATTLE IN DRYLOT

College Station—Drylot feeding of calves weighing from 250 to 400 pounds requires a much better understanding of feeding principles than does the feeding of heavier ones. It takes a better ration to achieve the desired results in the lighter animals because they do not have their mother's milk to balance their diet.

In the first place, their storage capacity, consider vitamin A. If cattle have an adequate supply of this vitamin, they store the excess in their body fat and livers. As long as they have access to green grazing they get their vitamin A. When no green grazing is available, they use their stored supply to satisfy their needs. Here is where a calf's needs are taken care of by milk. When this calf is weaned and placed on drylot, he must be supplied these nutrients in his ration. In 250-400 pound calves vitamin A deficiency can develop within 45 to 60 days unless the ration takes care of his needs.

Is Change-of-Life Making You Only Half a Woman?

Special women's medicine can relieve "hot flashes", weakness, nervousness... then you can enjoy life fully again! Has change-of-life left you so weak you feel only "half" alive? Suffocated by "hot flashes", constantly tense... so you can't be an affectionate wife and mother? Don't despair! Lydia Pinkham's Compound can relieve both tension and physical distress! In doctor's tests, Pinkham's gave dramatic help—without costly shots! Irritability is soothed. "Hot flashes" subside. Then most women can go "smiling through" change-of-life without suffering! LOCAL BUSINESS . . .

S. S. Talbert, Ph. D.
Chairman, Dept. of Journalism
University of Mississippi

A foreign writer has called the newspaper "the most democratic" institution in the United States.

"It's perhaps the only institution which is continuously governed by the community in which it operates," he wrote.

The writer did not mean that the newspaper editor is always in agreement with public opinion. He was referring to news content of the newspaper: where most editors, regardless of their personal opinions, attempt to carry information which impartially reflects public aspirations and a wide range of conflicting opinions.

The newspaper is the only local information medium which selects content on the basis of public interest. In other media, for the most part, advertisers determine the nature of content. The television advertiser buys time and is able to dictate the nature of the program which accompanies his program.

The newspaper advertiser buys only the space his advertisement consumes. The editor fills his news columns with what he considers of most interest to the whole public. Every time a newspaper is purchased, or a subscription renewed the private individual passes judgment on the performance of the editor. No public official is subject to such constant scrutiny.

Another reason why the newspaper may be considered the most democratic of institutions is the fact the newspaper is the only major local information medium which is not under regulation by the federal government.

'Old Paint' Is a Hazard, Not a Horse

It doesn't take a Wells Fargo man to determine that half-empty paint cans are a fire hazard, especially if you have a Junior Fire Marshal daughter as pretty as 9-year-old Rochelle Robertson to advise you. Dale Robertson, star of NBC-TV's "Wells Fargo" series, joins daughter Rochelle and 4,000,000 Junior Fire Marshals across the country in a gigantic home inspection program to eliminate fire hazards. The campaign is sponsored as a public service by the Hartford Fire Insurance Company in observance of National Fire Prevention Week (Oct. 8-14).

HERALD TO PUBLISH PICTURES OF AREA'S FUTURE LEADERS

It is an undisputed fact that the responsibilities of tomorrow's world, our Nation, and Community will rest upon the shoulders of the children of today. Since this is true, the publishers of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures, they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work, will be here Wednesday, October 25. Pictures will be taken at White Plaza Hotel and will be open from 10 a.m. to 5 p.m.

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word.

MRS. DONALD ROWLAND NAMED MRS. TEXAS UNIVERSITY

Mrs. Donald Rowland has been named Mrs. Texas University for 1961 by the Married Students Council.

She is the former Mary Lou Maberry, daughter of Mr. and Mrs. Luther Maberry of McCutley.

Her husband, son of Mr. and Mrs. Brad Rowland Sr. of Hamlin, is a Junior Pharmacy student at the University.

Selected on the basis of personality, appearance, poise and charm, Mrs. Rowland was sponsored by the Pharmaceutes Club. Responsibilities accompanying the title will be helping acquaint UT married students with planned activities and available facilities. She will represent the Married Student Council at various activities on the campus during the year.

Mrs. Rowland alternates her evenings between 4-H Club meetings and University wives' gatherings. Just once in awhile does she get to stay home with

her husband. She thinks the main problem of a combined marriage-student life is the hectic schedule. Besides being Mrs. University, she is Travis County's Assistant Home Demonstration Agent. Because she and her husband, who live at 1515-B Brackenridge Apartments, are expecting their first child in November, she recently began working only "part time." But her job has so many demands, she says she can't tell much difference between part-time and full time.

Mrs. Rowland, who loves working with youth, says her main hobby is cooking, although she is a fan of all water sports.
